the aim of this book is to illuminate the manner in which mark understood jesus death that death forms the climax of the gospel and is all important for the evangelist since it is central

to every form of christianity much has already been written on the significance jesus death had for mark most previous studies like the first edition of this book used redaction criticism to interpret mark s viewpoint from the alterations he made to the form of the passion narrative as he had received it from tradition more recently the gospels have been examined as continuous stories and the author adopts this approach in the additional material of his new edition by examining the general sweep of the narrative and in particular of its last chapters professor best attempts to show how mark saw jesus death as both an atonement for sin and as creative of the new community of the church

first published in 1833 the dolorous passion of our lord jesus christ was the principal extrabiblical source for mel gibson s blockbuster 2004 movie the passion of the christ which grossed over 600 million in worldwide box office to write the work goethe friend and author clemens brentano spent six years at the bedside of 19th century augustinian nun anne catherine emmerich recording her spectacular visions of the life passion crucifixion and resurrection of jesus christ in addition to being a visionary emmerich was an ecstatic stigmatic and inediac after she died in 1824 brentano spent nine years organizing his notes on the renowned nun s visions of the passion and crucifixion before publishing them as the dolorous passion the book soon outsold even goethe in germany and became an international best seller the book was all but forgotten until resurrected by gibson for his classic movie about the passion the original work is published here in its entirety in english translation in a 100 page introduction to the original work author noel griese recounts how the book came to be written and details more than 40 scenes in the gibson movie based on anne catherine emmerich s visions rather than biblical accounts he also discusses the history of passion devotionals in the introduction
