human hostility is not the narrative of a selected few since the fall of the grandparents of the human family adam and eve all humans have continued to participate in the reality of evil accordingly the question is no longer whether evil will strike but rather when evil strikes how should humans particularly christians respond to it this book offers a relevant and effective theology and ethics for addressing the issue of christian response to violence in nigeria and beyond it situates the whole gamut of the reign of human hostility in its various manifestations self interest and greed for power deception and social injustices governmental official corruption terrorism and so on it encourages humans to take seriously both the fact of god creating humans good and the fall serving as the gateway of evil into the human race it recognizes the complexity of human problems yet it offers possibility for just peacemaking in spite of the horrific violence across the globe humans are still able to do tremendous good thus the book recognizes the paradox of humanity humans are capable of doing tremendous good and equally capable of doing tremendous evil

the five volume oxford history of protestant dissenting traditions series is governed by a motif of migration out of england it first traces organized church traditions that arose in britain and ireland as dissenters distanced themselves from a state church defined by diocesan episcopacy the book of common prayer the thirty nine articles and royal supremacy but then follows those traditions as they spread beyond britain and ireland and also analyses newer traditions that emerged downstream in other parts of the world from earlier forms of dissent secondly it does the same for the doctrines church practices stances toward state and society attitudes toward scripture and characteristic patterns of organization that also originated in earlier british and irish dissent but that have often defined a trajectory of influence independent of ecclesiastical organizations the oxford history of protestant dissenting traditions volume v follows the spatial cultural and intellectual changes in dissenting identity and practice in the twentieth century as these once european traditions globalized while in europe dissent was often against the religious state dissent in a globalizing world could redefine itself against colonialism or other secular and religious monopolies the contributors trace the encounters of dissenting protestant traditions with modernity and globalization changing imperial politics challenges to biblical denominational and pastoral authority local cultures and languages and some of the century s major themes such as race and gender new technologies and organizational change in so doing they identify a vast array of local and globalizing illustrations which will enliven conversations about the role of religion and in particular christianity

in the context of climate change it is generally agreed that natural gas has manifest advantages as a transition fuel that offers a potential bridge from overuse of coal and petroleum to a renewable low carbon future however the widespread ongoing practice of natural gas flaring the burning of unwanted gas for economic reasons is severely criticized for hampering progress in its flagrant waste of both valuable resources and revenues this important book covers natural gas flaring policies across twenty leading oil and gas jurisdictions from a global perspective providing the energy transition and environmental policy communities with detailed information on current developments in market regulations contractual arrangements and technological responses and clarifying ways to tackle natural gas flaring in the context of meeting climate change goals in the multifaceted approach provided by the book s contributors experts from a broad cross section of gas producing countries the book engages with such issues and topics as the following the technical aspects behind natural gas flaring alternative solutions to mitigating natural gas flaring via carbon capture utilization and storage energy security imperatives legal frameworks governing natural gas flaring with case studies from key twenty leading oil and gas jurisdictions best practices and potential solutions that can be adapted to different contexts environmental social and governance esg considerations potential disputes arising from changing regulations and market conditions and recommendations for design application and implementation of

natural gas development and marketing bringing together legal policy and regulatory perspectives from natural gas hubs this work fills a significant gap in the existing literature with a rigorous exposition and comparative analysis of the business legal economic and sustainability aspects of natural gas flaring and its role in the energy transition across global energy markets it will prove to be of immeasurable value to policymakers industry stakeholders regulators concerned nongovernmental organizations and legal practitioners in sustainable development and international relations it is sure to contribute to informed decision making and ultimately to more sustainable and equitable energy systems worldwide

in an era when african pentecostalism stretches its vibrant mosaic across continents intra african pentecostalism and the dynamics of power examines the pulsating heart of this phenomenon within africa itself the book explores the complex interplay of faith and power through the lens of nigeria s winners chapel and its expansion into cameroon what compels a movement to evangelize fervently within its own continent making it both the preacher and the audience the book exposes the reverse missionary flow to the northern hemisphere as a backdrop for a more profound story unravelling within africa here the mother church exerts a magnetic pull ensuring fidelity as charismatic leaders like bishop oyedepo maintain their spiritual gravitas it is a story not just of spirituality but of strategic moves and socio political undercurrents that shape identities and beliefs employing rich narratives and rigorous research this book looks in depth at winners chapel s transnational missions highlighting the complexities of allegiance identity and the propagation of the prosperity gospel it challenges readers to see beyond conventional religious discourse into the depths where faith intersects with culture and power the book invites us to understand the multi dimensional influence of african pentecostalism and to grasp the nuances of a faith that is transforming the continent from within

smart technologies for sustainable smallholder agriculture upscaling in developing countries defines integrated climate smart agricultural technologies icsat as a suite of interconnected techniques and practices that enhance quantity and quality of agricultural products with minimum impact on the environment these icsat are centered on three main pillars increased production and income adaptation and resilience to climate change and minimizing ghg emissions this book brings together technologies contributing to the three pillars explains the context in which they can be scaled up and identifies research and development gaps as areas requiring further investigation it stresses the urgency in critically analyzing and recommending icsat and scaling out the efforts of both developing and disseminating these in an integrated manner the book discusses synthesizes and offers alternative solutions to agriculture production systems and socio economic development it brings

together biophysical and socioeconomic disciplines in evaluating suitable icsat in an effort to help reduce poverty and food insecurity highlights the research gaps and opportunities on climate smart agricultural technologies and institutional arrangements provides information on institutional engagements that are inclusive of value chain actors that support partnerships and the development of interactive platforms elaborates some of the effects of climate extremes on production and socioeconomic development on small farms whose impact has potentially large impact

in 2005 i resigned as a full time pastor of a church and relocated to lagos nigeria with one mission in mind to observe and study the life of bishop david oyedepo resident bishop of faith tabernacle ogun state nigeria the largest single church in the world according to guinness book of records what i share with you in this book is a summary of what i have learned from the life and ministry of bishop dr david o oyedepo in this last 10 years it s been a long journey but suffice it say that i have enjoyed every bit of it like all men of great influence bishop oyedepo has been analysed in the public domain and given different names by different people however i believe that no man actually rises to the top by making mistakes people only rise to the top by doing the right things over a long period of time in this book i share with you the success habits and secrets of one of the greatest leaders of charismatic revival on earth today bishop david olaniyan oyedepo may we all fulfill the purpose for which we are born
